

MARINE INFORMATION

GREAT LAKES WATER LEVELS

Great Lakes Water Levels are uncharacteristically low for the Great Lakes Region. Mariners are advised to consult the appropriate chart and not rely on recent year or historical water levels when transiting rivers, tributaries, and harbors of the Great Lakes. To access water level information, write NOAA, National Ocean Service, SSMC4 Station 7523, 1305 East-West Hwy, Silver Spring, Maryland 20910-3233, call (301) 713-2902. Water levels can also be accessed at the following websites: <http://www.nos.noaa.gov>; <http://ny.water.usgs.gov>; <http://oh.water.usgs.gov>; <http://mi.water.usgs.gov>; <http://wi.water.usgs.gov>; <http://mn.water.usgs.gov>.
